Catholic Scripture Study International (CSS) The Book of Genesis

Join us for a new and completely different CSS. This study is faithful to the teachings of the Catholic Church and commentaries are written by leading Scripture scholars and authors such as Steve Ray, Mark Shea, and Scott Hahn. Each study contains references to the Catechism of the Catholic Church, papal encyclicals, and writings of the early Church Fathers and the saints. The 28-week program includes lectures on DVD given by Catholic priests.

In Genesis one will discover the answer to those age-old questions: Where did I come from? Why am I here? What is the purpose of my life? Genesis also sets the stage for God's plan of redemption and plants the seeds of many important doctrines and Christian teachings that unfold in the rest of the Bible. Without Genesis, the Bible is incomprehensible, which makes this a "must" study! Check it out at www.cssprogram.net
